WIC or CHANT PROGRAM

Warren County Health Department

1401 Sparta Street, McMinnville, TN

931-473-8468

WIC- (Women, Infants and Children) is a Special Supplemental Nutrition Program for Women, Infants, and Children. WIC is a federally-funded program designed to provide supplemental food assistance and nutrition education to low-income pregnant, postpartum, and breastfeeding women, infants, and children until age five.

CHANT (Community Health Access and Navigation in Tennessee) Navigating the complex system of health and social services can be challenging for many individuals and families, and depending on individual needs and medical diagnoses, care may involve a number of programs, providers, and personnel. To overcome these challenges, the Tennessee Department of Health recently streamlined three public health programs, Help Us Grow Successfully (HUGS), Children's Special Services (CSS) and TennCare Kids Community Outreach into one integrated model of care coordination, the Community Health Access and Navigation in Tennessee (CHANT). **CHANT teams provide enhanced patient-centered engagement, navigation of medical and social services referrals, and impact pregnancy, child and maternal health outcomes.**

PREGNANCY RESOURCE CENTERS
